VOLUME 35 | EAST JORDAN, MICHIGAN, FRIDAY, APRIL 17, 1931. | NUMBER 16

Good Words For Our Schools

TWO LETTERS THAT COMMEND EAST JORDAN RURAL SCHOOLS.

Supt. A. J. Duncanson is in receipt of two letters from different sources, commending the officers and teachers in the development and management of East Jordan's Consolidated Rural Schools. The letters speak for themselves.

The first is from B. J. Ford, of the State Department of Public Instruction, who is in charge of Michigan's Rural Schools. The letter, in part, follows.

Lansing, Mich., March 18, 1931
Mr. A. J. Duncanson,
Superintendent of Schools,
East Jordan, Michigan.

Dear Mr. Duncanson:

I had the opportunity of visiting your school on Thursday, March 12. It was a real inspiration to me to see such a large group of splendid young people in one organization in which equal consideration is being given to the rural and the village boys and girls. I was impressed that you have a very definitely manifested spirit of work and co-operation throughout your entire organization.

* * * * * *

I was delighted to learn of the splendid success that you have had in the transportation of the children. I think this is partly due to the fact that you have your routes well arranged and that all of the various road maintenance agencies are cooperating with you.

On the whole, I was delighted and I wish you continued success in your efforts.

Yours very truly,
B. J. FORD

The second letter is from M. L. Smith of Rural Education Dept., Central State Teachers College at Mt. Pleasant, and refers to a number of photographs taken of the East Jordan Consolidated Rural Schools and mailed for use at the last Mid-winter Educational meeting at Ypsilanti.

Mt. Pleasant, Mich., Jan. 20, '31
Mr. A. J. Duncanson,
Superintendent of Schools,
East Jordan, Michigan.

My dear Mr. Duncanson:

May I beg your pardon for the delay in acknowledging the receipt of the pictures? They are fine and have been just what I needed for the slides.

I showed them in Ypsilanti and received much favorable comment. Several told me they had no idea there was anything so good in the school line away up in that part of the State. Now we have been asked to put on an exhibit at the Detroit State Fair next Fall. Again the pictures will come in right.

Do you suppose it would be possible to get some pictures of your Kindergarten and lower grade activities to fill out this group you have sent?

Best wishes,
M. L. SMITH,
Rural Education.

E. L. NOWLAND TAKEN BY DEATH TUESDAY MORNING

Eddie Lewis Nowland passed away at his home in Wilson Township, Tuesday morning, April 14th, 1931, of pneumonia.

Mr. Nowland was born February 26, 1865 in Wayne County, Michigan, his parents being Andrew and Rachel Nowland. He was united in marriage to Alma Sherloct, July 11, 1886 at Cadillac. The same year in October they located on a farm in Wilson Township, where they have since made their home. To this union were born two children, Teressa, who died 19 years ago, and Charles, of East Jordan.

He is survived by his wife, one son, Charles Nowland of East Jordan; two brothers, Albert and Samuel Nowland, both of Wilson Township, and three grandchildren, Mrs. Max Graham of Detroit, Mrs. Roland Bowen and Percy Batterbee of East Jordan, also five great grandchildren, and a host of friends.

Deceased was a member of Wilson Grange for several years and held the office of Steward at the time of his death.

Funeral services will be held this Friday afternoon, April 17th at 1:00 o'clock standard time at the Wilson Grange Hall, conducted by Rev. James Leitch, pastor of the M. E. Church of East Jordan. Interment at Lewis cemetery in Wilson Twp.

"Why do you wear a player's mask on your ankle?"

"I've had it in a cast three times."

The oldest woman's club — the broomstick.

COUNTY ACHIEVEMENT DAYS FOR CLUB MEMBERS

Plans are rapidly shaping themselves for the biggest Club events ever held in the County. Twenty-eight different clubs are planning to complete their Winters' Program at the Charlevoix High School Gym on Thursday, April 23rd, and at the Boyne City Gym on Friday, April 24.

All winter these fine boys and girls have been busily engaged in making articles of furniture and equipment for the home and farm, and in sewing projects, such as dresses, aprons, and other wearing apparel. You just can't appreciate the work being done unless you accept our invitation and attend the afternoon programs beginning at 2:00 p. m., central standard time, and see for yourself what has been accomplished. Over 200 feet of exhibit space will be used to show the articles and garments completed.

A. G. Kettunen, State Club Leader, and Miss Sylvia Wixson, Ass't State Leader, will be present and appear on the program. All exhibits will be judged and local champions selected for each of the projects. Each club in the county will put on a five minute program for your pleasure. Who knows what this will be?

Another feature will be the Style Show, at which time over 100 girls will wear the dresses they have made this winter and promenade before the judges. You don't have to go to Atlantic City or Miami for Style Shows. Right here at home, and costs nothing. At the conclusion Mr. Kettunen and Miss Wixson will announce winners in the various projects.

A very cordial invitation is extended to all folks in the County, both city and rural to attend these Achievement Days and to meet our splendid boys and girls, to see the wonderful exhibits, and to note the value of this great forward program. Remember the place, date and time.

Charlevoix, April 23rd, and Boyne City, April 24th. Come!

B. C. MELLENCAMP,
County Agr'l Agent

MRS. JOHN LIGHT WAS RESIDENT HERE FOR FIFTY YEARS

Mrs. John Light passed away at her home in this city Tuesday, April 14th, 1931, following an illness of 18 months, the immediate cause of her death being heart trouble.

Mrs. Light was one of the pioneer residents of East Jordan, coming here 51 years ago, and since then making this place her home. She was a member of the Latter Day Saints Church, and in fraternal orders, a member of the Rebekahs and the American Legion Auxiliary.

Electa Oliva Wilkes was born in Lapeer County, Michigan, in December, 1863, her parents being Frank and Sarah Wilkes. She came with her parents to East Jordan in 1880. On January 1st, 1882 she was united in marriage to John Light in Jordan Township, Antrim County.

Deceased is survived by her husband, and the following sons and daughters: Mrs. Leslie L. Miles, Mrs. C. J. Evans and Oscar Light of East Jordan; Mrs. J. B. Motley of Kansas City, Mo., and George D. Light of Norwood. Also by a sister, Mrs. Jennie Novinger of Detroit.

Funeral services will be held from her late home this Friday afternoon at 3:00 o'clock standard, conducted by Elder Arthur Starks of Gaylord. Interment at Sunset Hill.

E. J. STUDENT ELIGIBLE FOR R. O. T. C. COMMISSION

East Lansing, Mich., April 13—Alfred J. Wangeman, of East Jordan, First Lieutenant in the coast artillery division of the Michigan State College R. O. T. C., will be eligible to take his commission in the Officers Reserve Corps of the U. S. Army on June 19, 1931, it was announced here. The East Jordan student has had two years of advanced military training and this spring is active in the drilling of R. O. T. C. underclassmen. He is also an officer in the weekly parades, which are being held in preparation for the annual inspection by the commanding officer of the 6th corps area during the last week in May.

The O. R. C. commission offered Wangeman is one of the rank of second Lieutenant to hold for five years.

What a whale of a difference a few scents make, gasped Dumstude after patting what he thought was such a pretty kitty with that broad stripe down its back.

The Home Censor

MICH. PUBLIC SERVICE COMPANY CHANGE DIST. MANAGERS

Effective May 1st, a change will be made in the District Managers of the Michigan Public Service Co. in this part of the State.

L. G. Balch has been placed in charge of the district with headquarters at Cheboygan and comprising some 25 cities and summer resorts from Cheboygan south to Grayling and to the west to Harbor Springs including intermediate towns, and north to Mackinaw City. Mr. Balch has been in charge of the East Jordan electric light system for some 21 years and, since being purchased by the Michigan Public Service Company has been Manager of the Charlevoix County district comprising East Jordan, Boyne City, Boyne Falls and Clarion.

During their many years' residence in East Jordan, Mr. and Mrs. Balch have made a host of friends, who, while congratulating them of Mr. Balch's promotion, are sincerely sorry to lose them as neighbors and fellow-townsmen.

H. G. HOCKMAN, NEW MANAGER

H. G. Hockman of Ludington will take charge of the local territory as District Manager to succeed Mr. Balch on May 1st. Mr. Hockman was an East Jordan visitor first of the week, going over the territory with Mr. Balch and getting acquainted with its citizens. Mr. Hockman has been with the Michigan Public Service Company since 1926, the past few years as Distribution Supt. of the Southern Division with headquarters at Ludington. He plans to locate at East Jordan the first of May with his wife and two small children, a son and daughter.

PRINCESS WATASSA TO VISIT COUNTY

"Princess Watassa," who represents the Michigan Tuberculosis Association in touring the State, to teach health fundamentals by relating old Indian legends to school students, will come to Charlevoix County for a week, starting Monday, April 20. Arrangements for her work are being made by William C. Palmer, County School Commissioner.

Watassa, whose name in real life is Miss Gladys Morse, was adopted in the fall of 1929 into the Chippewa Indian tribe by Chief John Silas, who resides in Bay City. He heard her present her program to a Bay City audience and was so impressed by her characterization and her interest in Indian life and lore that he offered at once to make the adoption.

Mr. Palmer is acquainted with Mr. Silas and states that he "esteems him as one of the finest men in Michigan.'

Watassa's programs probably will be presented first in the city and village schools following which, if time permits, some of the rural schools of the county will be reached. Her work is financed solely by the Michigan Tuberculosis Ass'n through funds secured in the December sale of Christmas seals.

DISEASE KILLS HUGE NUMBER OF CHICKENS

A poultry disease which destroys 2,000,000 chicks in Michigan each year can be controlled by feeding a proper ration and by disinfecting the brooder houses with an effective disinfectant, according to a statement by the poultry department of Michigan State College.

The disease, coccidiosis, usually attacks chicks in the early stages of their growth. It may affect older fowls but most of the losses are among the younger birds. The diseased fowls lack color, are inactive and, in the flock, a few chicks die each day. Post mortem examinations disclose the characteristic injuries to the intestinal tract of the birds.

The organisms which cause the disease will live in the soil for periods of two years or longer and then will infect poultry turned on the contaminated soil. The disease organisms cannot be transferred direct from one bird to another but must pass through a period of growth outside the fowl's body before they can cause disease in another bird.

Chicks which show symptoms of the disease should immediately be fed for 10 days an all mash ration which contains at least 40 per cent of dried milk powder. The brooder house should be thoroughly cleaned every three days and disinfected with iodine suspensoid. The disinfectant will kill only the organisms with which it comes in contact.

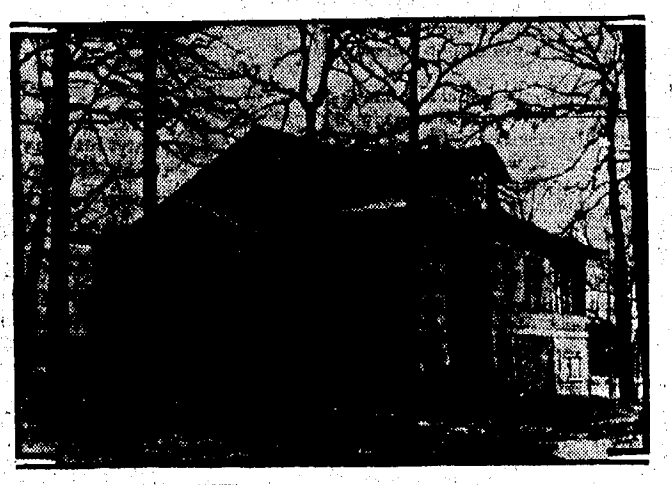

The ration containing the skim milk powder will cure diseased birds if they retain enough vitality to eat.

NOTICE!

To anyone who wishes to employ a man or woman for any kind of work, also any man or woman who wants work, phone Barney Milstein or call and see him and leave your names. This is sponsored by the East Jordan Chamber of Commerce.

A. K. HILL, Pres.

To Preserve Lindbergh Homestead

The old Lindbergh homestead just within the city limits of Little Falls, Minn., where the now famous aviator spent his boyhood, and which the state of Minnesota by legislative enactment has just created Lindbergh park. Souvenir hunters are responsible for the dilapidated condition of the house.

FIRST MEETING OF POMONA GRANGE WELL ATTENDED

Pomona Grange No. 40 met with Deer Lake Grange on Saturday, April 11th.

Grange was called to order by the Master, Archie Murphy.

Meeting was turned over to the Lecturer, Brother Al Warda who very kindly acted in the absence of Miss Sidney Lumley.

Community Singing.

Roll Call—Events of State, Grange County and Townships since our last Pomona meeting.

Remarks by Mr. Kortage.

Remembrance of Saunders Day by Roy Hardy.

Remarks by J. W. Petts.

Recitation, Mrs. J. E. Chew.

Story by Archie Sutton.

Accordian selections by Mr. Kortage.

Deer Lake Glee Club gave several selections.

Songs by Al Warda.

Recitation by Chas. Dasheleer.

Community Singing.

There were nine Granges represented, with an attendance of 92. Three new candidates.

Marion—Center was the banner Grange for the quarter ending Dec. 31, 1930.

Next meeting will be held at Wilson Grange on Saturday, May 9th. Further announcements later.

Alice M. Smatts, Sec'y

COUNCIL PROCEEDINGS

Regular annual meeting of the Common Council of the City of East Jordan held at the council rooms, Thursday evening, April 9, 1931.

Meeting was called to order by the Mayor. Present: Mayor Gidley and Aldermen Maddock, Watson, Parmeter, Dudley, Taylor and Williams. Absent—None.

Minutes of the last meeting were read and approved.

The following resolution was offered by Alderman Dudley, who moved its adoption; seconded by Alderman Maddock:

The Council of the City of East Jordan, having met for the purpose of determining the result of the annual city election, held on Monday, April 6, 1931, does hereby declare the result of said election to be as follows:

Whole number of votes cast for the office of Mayor was 415; of which Robert G. Watson received 413; scattering 2. Robert G. Watson, having received the greater number of votes, is hereby declared duly elected to the office of Mayor.

Whole number of votes cast for the office of Alderman of the First Ward was 130; of which William Taylor received 82, and John K. Bader 48. William Taylor, having received the greater number of votes, is hereby declared duly elected to the office of Alderman of the First Ward.

Whole number of votes cast for the office of Alderman of the Second Ward was 62; of which M. J. Williams received 62. M. J. Williams, having received the unanimous vote, is hereby declared duly elected to the office of Alderman of the Second Ward.

Whole number of votes cast for the office of Alderman of the Third Ward was 253; of which John F. Kenny received 138, and Lewis W. Ellis 115. John F. Kenny, having received the greater number of votes, is hereby declared duly elected to the office of Alderman of the Third Ward

Whole number of votes cast for the office of Supervisor of the First Ward was 137; of which William F. Bashaw received 82, and Kenneth Hathway 55. William F. Bashaw, having received the greater number of votes, is hereby declared duly elected to the office of Supervisor of the First Ward.

Whole number of votes cast for the office of Supervisor of the Second Ward was 71; of which William R. Barnett received 71. William R. Barnett, having received the unanimous vote, is hereby declared duly elected to the office of Supervisor of the Second Ward.

Whole number of votes cast for the office of Supervisor of the Third Ward was 265; of which John J. Porter received 138, and Richard Lewis 127. John J. Porter, having received the greater number of votes, is hereby declared duly elected to the office of Supervisor of the Third Ward.

Whole number of votes cast for the office of Constable of the First Ward was 79; of which Alonzo Shaw received 79. Alonzo Shaw, having received the unanimous vote, is hereby declared duly elected to the office of Constable of the First Ward.

Whole number of votes cast for the office of Constable of the Third Ward was 187; of which Don Parmeter received 187. Don Parmeter, having received the unanimous vote, is hereby declared duly elected to the office of Constable of the Third Ward.

Soils Management Special

PENNSYLVANIA TRAIN TO VISIT CHARLEVOIX COUNTY, MAY 1.

How to get satisfactory stands of Alfalfa and Sweet Clover will be shown on the "Lime and Fertilizer Train" to be operated by the Soils Department of the Michigan State College over the Pennsylvania Railroad, scheduled to stop all day at Boyne City on Friday, May 1st, beginning at 10:30 eastern standard time.

Considering the fact that many farmers in Charlevoix County are running into a hay shortage this spring, not having enough to meet their feeding requirements, emphasis on this subject is extremely timely. If your stands of alfalfa and sweet clover have not met your expectations come to this train and see the results of some "Over State" tests conducted with various analyses of fertilizer. They will prove mighty interesting and besides they may surprise you.

This is a "Soils Train." All soils problems will be discussed by representatives of the Michigan State College. Soils samples will be tested. Bring in your samples of soils that are not producing good crops and find out what the deficiency is. The proper use of fertilizer, how much to use, how to apply and numerous other phases of fertilization will be discussed.

A splendid group of farmers throughout the County is being selected to participate in the Soils discussion. It is hoped this valuable information will be distributed in every section of the County.

Come to the "Lime Fertilizer Train" to be operated over the Pennsylvania Railroad at Boyne City on Friday, May 1st. Bring a sample of your soil in the forenoon, and have it tested free of charge, and then get definite and personal information as how to best handle that soil, including the most economical fertilizer recommendations.

B. C. MELLENCAMP,
County Agr'l Agent.

Adopted by the Council of the City of East Jordan, on the ninth day of April, 1931, by an aye and nay vote as follows:

Ayes—Maddock, Dudley, Taylor, Watson, Parmeter, Williams and Gidley.

Nays—None.

Moved by Alderman Watson, supported by Alderman Dudley, that E. P. Dunlap be granted permission to move a garage through Second, Mill, Bridge, Water and Lake streets to the city limits. Motion carried.

Bills were presented for payment as follows:

Wm. Prause, labor	$24.50
Win Nicholls, laber	5.25

WILSON TOWNSHIP

(Edited by Mrs. C. M. Nowland)

Mr. and Mrs. Stanley Durham of Rogers City moved on their farm last week, better known as the LaCroix farm.

Over 90 attended Charlevoix Co., Pomona Grange Saturday evening at Deer Lake Grange Hall. After a supper of roast beef, gravy, mashed potatoes and other good things, a fine program was rendered under Al Warda as Lecturer. Three new 5th degree members were taken in and given the work. The next Pomona meeting will be at the Wilson Grange Hall the second Saturday in May.

Leon Dow and Mrs. Willis Benton of Muskegon were called here by the serious illness of their mother, Mrs. Leonard Dow. Leon returned Sunday, but Mrs. Benton remained for a longer visit.

A large crowd attended the box social at the Knop schoolhouse, Friday evening. The boxes were auctioned off from 10c to 65c. Many from Charlevoix, Boyne City and Brutus were there. Mrs. Chas. Riedle won the quilt which was made by the pupils.

Glenn Short, the McNess man was calling on people of this community this week.

Mrs. Coykendall was unfortunate in losing her only cow last week.

Eddie Lewis Nowland was born at New Boston, Mich., Feb. 26, 1865, and passed away at his home in Wilson township, Tuesday morning, Apr. 14th. He was taken seriously ill Friday, but has suffered for a number of years from stomach trouble. He is survived by his wife, one son, Charles Nowland of East Jordan, and three grandchildren, Mrs. Mildred Graham of Detroit, Percy Batterbee and Mrs. Lila Bowen of East Jordan, who had made their home with them until their marriage. Two brothers, Albert and Sam Nowland of Wilson township.

Melvin Bricker of Boyne City started Monday to move on his farm in Warner twp.

Mr. and Mrs. Loyal Barber and son, Roscoe, of Hitchcock were Sunday visitors of Mr. and Mrs. Henry Korthase. Clarence and Leonard McGeorge of Boyne City made their sisters, Mrs. Barber and Mrs. Korthase a short visit.

Mr. and Mrs. Fred Stenke of Legion Lodge on the Intermediate Lake visited their daughter, Mrs. Harry Behling Friday afternoon.

Mr. and Mrs. Cornelius Deitz visited his sister, Mrs. Josephine Warden a few days last week.

Mr. and Mrs. Don Hott and children of South Arm were accompanied by John Hott to Petoskey and were Easter Sunday dinner guests of Mr. and Mrs. Adrian Campbell.

Arthur O'Dell of Bay Shore, a former resident of Wilson, is very low with cancer.

Mr. and Mrs. Bert Lumley with daughter, and Miss Sidney Lumley spent the week end at the home of their sister at Bear Lake, Manistee County.

Frank Bailey of Boyne City moved onto his brother's farm, Wallace Bailey, in Pleasant Valley last week.

Miss Ada and Frank Clute spent Saturday with Pheobe and Thomas Janack of Boyne City.

Mrs. Spencer and her sister of Boyne City hiked out and spent Sunday with the former's daughter, Mrs. Lee Miller.

Work was begun by the County on the road leading to the Knop schoolhouse from Pleasant Valley this week

Mrs. Luella Clute with son, Clyde, and daughters, Elsie, Ethel and Gladys of Evangeline were Sunday dinner guests of Mr. and Mrs. Milo Clute.

Mr. and Mrs. Albert Nowland quietly celebrated their 47th wedding anniversary March 30th. Two weeks later, April 13th, Mr. and Mrs. Tom Shepard their 46th, and Mr. and Mrs. Harry Behling their 20th on April 15.

Mr. and Mrs. Mike Anderson were Sunday visitors of Mr. and Mrs. Will Korthase, Mrs. Louise Korthase and son, Charles.

Morris Pierce of Petoskey spent the week end with his wife at the home of her parents, Mr. and Mrs. Matthew Hardy.

Mr. and Mrs. Clarence McGeorge and children, Mr. and Mrs. Leonard McGeorge and son of Boyne City, Charles McGeorge of Warner were Sunday dinner guests of their parents, Mr. and Mrs. Wilbert McGeorge.

Eugene Kurchinski attended the banquet given by the Masons for the Odd Fellow cribbage players, Friday night at Boyne City.

Miss Adaline Miller and Olive Tompkins attended the Gym dance Saturday night.

Henry Savage of Detroit is spending the week with his family.

Mrs. Lester Taylor and daughter, Mavis Barber of Detroit are visiting her mother, Mrs. John Smith this week.

Milo Sheffles of Muskegon visited his sister, Miss Audrey Scheffles at the home of her grandparents, Mr. and Mrs. Jasper Warden.

AFTON

Edited by Mrs. Henry Timmer.

Knop schoolhouse was crowded to the doors Friday night for the Box Social. A snappy program by the children emphasized the importance of health. The teacher at Wildwood Harbor assisted by her brother, Cedar Valley teacher, gave a series of songs that were highly appreciated. A quilt in pink and white, product of the pupils was raffled, the winning number 13, the holder of the ticket was Mrs. Chas. Riedle.

Miss Dora Barber is not much improved from a relapse of measles.

Mr. and Mrs. Maurice Pierce, Mr. and Mrs. Geo. Hardy, Ernest and Nellie Raymond, Mrs. H. Timmer and daughter, and Reba Beaman were all guests at L. R. Hardy's Sunday.

Chas. Parks lost a horse Monday. Without warning it dropped dead in Ernest Schultz' barn yard.

Mrs. W. A. Gray of Petoskey was calling in Afton Friday of last week.

Mrs. Taylor and daughter Avis of Detroit accompanied Henry Savage here on his week end trip.

Mr. and Mrs. Kilbourne of Bear Creek Grange, Emmet County, drove over for an afternoon session of Pomona, Saturday, and were disappointed to find no afternoon session. They called at Lumleys.

Mr. and Mrs. Loyal Barber visited relatives around Deer Lake Sunday.

Mr. and Mrs. Ed. Weldy were business visitors in Charlevoix, Wednesday.

Frank Martin is working for Armand Mayrand.

Norman Sloop is employed at H. Eggersdorfs.

The Normal class spent Wednesday evening with Miss Juanita Baker.

Mr. and Mrs. Bert Lumley with Miss Sidney Lumley spent the week end with relatives at Bear Lake.

Miss Nellie Raymond is helping Mrs. Melvin Bricker with her housecleaning this week.

Deer Lake Home Economics Club met with Helen and Sidney Lumley at 8:30 p. m., April 13th. After minutes of previous meeting, a motion was made that the Home Furnishing Course be taken by the club. Specially treated dust cloths demonstrated by Carrie Korthase, and wall paper cleaner by Sidney Lumley. The five meetings since Jan. 26 were spent in sewing. Used clothing was donated by the members and the following articles made over from it: 8 dresses, 5 suits underwear, 2 pair trousers, 2 aprons, 2 shirts, 3 underskirts, 4 bloomers, 32 pair hose. All of which was given to needy persons. Three quilts were tied and one quilted. Next meeting will be at the home of Edna Petts.

SENATE PASSES MALT TAX

Prospects for passage of the Northern State Tuberculosis Sanatorium measure became last week the brightest they have been at any time since the start of the legislative session when the Senate approved by a vote of 28 to 4 the malt tax bill, which provides funds for constructing the institution.

As passed by the Senate the bill specifies that revenue secured from the tax up to July 1, 1932, shall be used to pay to county sanatoriums amounts owed them by the State for care given indigent tuberculosis patients. Thereafter $400,000 is appropriated for construction and equipment of the Northern State Sanatorium.

Approval of the bill by the House with little or no change is expected. Conjecture at present centers about the reception that will be given it by Governor Brucker, who in the past has opposed the tax on ethical grounds. The Senate alteration in the bill, which in effect means that more than $1,000,000 will be eliminated from the general property tax, may make it more acceptable to him.

Sentiment in both chambers of the legislature has become so nearly unanimous for the malt tax bill, due principally to the urgent need for a tuberculosis hospital in the north central part of the State, that legislative leaders predict its re-passage in both houses in the event of a veto by the Governor.

Dumb Man Talks by Aid of Scientific Device

New Orleans.—Science has provided a new voice for Harry T. Maguire. He was equipped with an artificial larynx by A. P. Woody, an engineer.

Maguire lost his voice six months ago when an operation on his throat necessitated the cutting away of his larynx to save his life.

Woody has been using an artificial larynx for six years, speaking distinctly through it. He obtained the one which Mr. Maguire used from Dr. E. I. McKesson of Toledo, Ohio.

Woody also had a special silver tube, which he has perfected, made for Maguire. This fits into the windpipe and attaches to the breathing valve. This breathing or check valve is fitted into a rubber hose through which the breath passes. The hose is held in the speaker's teeth while talking. A vocaphone is fitted about an inch from the upper end of the hose.

A woman never fails to notice the failings of other women.

It isn't only the well dressed man who wears the latest wrinkles in trousers.

It's hard to teach a man anything when he doesn't even know when he is licked.

She was only the optician's daughter—two glasses and she made a spectacle of herself.

If, my son, a woman values your caresses above an unwrinkled ball gown, she loves you.

The difference between married and single life is that in married life you don't pull down the shades.

An egotist is one who, reading a book and not understanding something in it, decides it is a misprint.

The needle always makes it a point to go through the work laid out for it, although there are times it finds itself hard-pressed to do so.

A tree is not always to be judged by its fruit. Very much good in this world is based on bunk, and very much bad is the result of righteous intention.

PENINSULA

(Edited by Mrs. B Snyder)

Mr. and Mrs. Isaac Flora of the Waterman farm, and Mrs. Charles Murphy called on Mr. and Mrs. Daniel Faust, Sunday, and stated both their daughters, Mrs. Ada Hunter and Miss Carrie Flora were married recently. The Floras were old residents of Mountain Dist.

Elmer Faust, the new Highway Comm'r and Duncan McDonald went over to Joe Kemps Saturday to get the road tools. They went with the McDonald truck.

Ed. Mathers and family of Boyne City have moved onto the Thomas Crosby farm, near the Three Bells schoolhouse, which they have rented for three years.

The new Township officers went to Ironton Friday afternoon to qualify for the various offices at the office of the Clerk, Ralph Price.

The big school bus began to make the full trip Friday.

Orval Bennett has been very ill with flu for two weeks at his home.

Francis Boyington who has been spending the winter at Sunny Slope farm, has begun work at the Charlevoix County Nurseries. He will still board at Sunny Slope farm.

Wm. Bogart of Boyne City is staying at Honey Slope farm, helping with the chores, during the illness of Orval Bennett.

A. B. Nicloy had a crew of men cutting and buzzing up stove wood the past week.

Ed. Mathers of the Crosby farm moved the Price & Everst well machine, which has been standing at the F. D. Russell farm since last fall, to Boyne City, Monday.

Will McGregor, caretaker of Whiting Park has leased the Hayden cottage for three years and with his family is preparing to move in soon.

Mrs. Alfreda Arnott and daughter, who have spent the past two weeks with her grandmother, Mrs. J. W. Hayden at Orchard Hill, returned to her home at Lone Ash farm, Friday.

The Home Management Club will meet with Mrs. Geo. Staley, Thursday afternoon. Mrs. Staley and Mrs. Will Sanderson are leaders.

A large party of old neighbors of Mr. and Mrs. Ramsey Wells, who now occupy the Omar Scott farm near Afton, and who plan on moving to Caro to make their future home, gathered at their home Saturday evening, taking well filled baskets, and spent a very enjoyable evening.

While returning home Saturday night from the party at Ramsey Wells, Fred Crowell of Dave Staley Hill, backed into the ditch when his engine stalled on a steep hill, while no particular harm was done the people in the car were compelled to sit still until the rest of the party came and helped them out.

Mrs. D. D. Tibbits of Cherry Hill, who has been ill with the flu for some time, is all right again now.

Mrs. Alfreda Arnott of Lone Ash farm went to Petoskey Sunday where she has a position.

Delbert Sutlaff of Boyne City is again helping A. B. Nicloy at Sunny Slope farm.

Charles Healey of Willow Brook farm is the first to report having oats sowed. He got a field in Saturday, April 11th.

Mr. and Mrs. Ralph Ranney of South Arm called on the A. B. Nicloy family, Sunday.

Mr. and Mrs. Charles Healey and son, Clayton of Willow Brook farm visited the John Noble family near Advance, Sunday. Mrs. Noble has just returned from the Mayo Bros. Hospital at Rochester, Minn., where she took her daughter, Miss Maude, some time ago for treatment of an injured hip.

EVELINE

(Edited by Mrs. Walter Clark)

Louis Harnden returned from Detroit Tuesday night. While there he purchased a nice team of horses. The team arrived here by truck last Saturday morning.

Mr. and Mrs. Bob Howe of Charlevoix called at the Walter Clark home Tuesday.

Mrs. Everett Spidle's parents visited at the Spidle home Wednesday evening.

They are putting up a new water tower at Eveline orchards.

George Whaling visited at the W. Clark home, Sunday.

Prayer meeting at the Thomas home Sunday evening, and Wednesday evening at the Marion Best home.

MICHIGAN FARM MARKETING ASS'N ORGANIZED

The Marketing Association has been organized to be of assistance to farm women throughout Michigan in creating a better market for their roadside products and to guarantee the purchaser a high quality product. This is brought about by having the products to be sold from roadside stands scored by a representative of the College, and a uniform label used. On this label will appear the trade mark of the Association and a guarantee of quality to the purchaser.

No fees or dues are necessary to enroll as a member of the Association. We believe that this Association can offer much service to farm women who have fresh and canned foods to sell as well as flowers and other products. Certain rules and standards are incorporated, all of which indicate a desire on the part of the seller to handle high quality.

If you are interested, or know of a friend who you think would be interested in securing an enrollment blank and getting full details of this new plan, write or telephone County Agent Mellencamp.

B. C. MELLENCAMP,
County Agr'l Agent.

"Do You?

This is a community in which each one of us is expected to do his share toward making it a better place in which to live.

Each member of the community should take an active interest in all local affairs. Each member should vote on Election Day. Each member should turn out to every meeting where community developments are being discussed.

It is only through such wholehearted co-operation that we can hope to build up and hold the future growth of this community at a mark of which we may all feel proud.

If you have been shirking even a small part of your civic duty in the past, make up your mind right now that for your own good as well as for the greater welfare of the community that you will do your full share in the future.

Peoples' Wants

MUNNIMAKERS

Notices of Lost, Wanted, For Sale, For Rent, etc., in this Column is 25 cents for one insertion for 25 words or less. Initials count as one word and compound words count as two words. Above this number of words a charge of one cent a word will be made for the first insertion and one-half cent for subsequent insertions, with a minimum charge of 15 cents. These rates are for cash only. Ten cents extra per insertion if charged.

WANTED—Hay and Chickens.—C. J. MALPASS. 40-tf

Better Seeds for Better Gardens

NOW is the time to plant FERRY'S SEEDS!

Now is the time to plant your garden. Now is the time to select Ferry's purebred Seeds. Seeds are the most inexpensive, but the most important feature of a successful garden. The soil and your labor represent the much greater investment in time and actual money; but the seeds you choose may mean the margin between success and failure of your efforts.

Ferry's Seeds are purebred. That means generations of seed plants are tested and checked in the Ferry-Morse special seed laboratory fields before any seed grown from a plant is placed on the market. *Because of the rigid testing, Ferry-Morse seed specialists know that Ferry's purebred Seeds will grow more successfully in your garden.*

That's why Ferry's Seeds protect your labor and your garden investment. They are fresh for planting now. All ready to grow healthful, nourishing vegetables or beautiful, colorful flowers for your home. There's a Ferry Seed Box near you, in your neighborhood store, with a complete assortment of purebred flower and vegetable seeds. . . . Ferry-Morse Seed Co., Detroit, Michigan.

FERRY'S SEEDS FERRY'S *purebred* SEEDS

ONLY FLYING LION IN WORLD GROUNDED

Gilmore Grows Too Large to Fit in Airplane.

Los Angeles, Calif.—Gilmore, the only flying lion in the world, who has traveled 25,000 miles by air in the last nine months—is on the ground for good.

He took his last ride from United airport here recently with his master, Lieut. Col. Roscoe Turner, in the Gilmore Lockheed monoplane which practically has been his "home" since he was four weeks of age.

When Turner "adopted" Gilmore the animal was a furry little cub, barely tipping the scales at 17 pounds.

But he is almost full grown now—125 pounds of African lion, with the start of a mane, growl and all.

His size, however, is all that cut short his air career. Turner points out Gilmore's disposition is remarkable and at the age of ten months he still allows strangers to pet him and is as playful as when he used to take nourishment from a bottle instead of indulging in his present diet of six pounds of fresh meat daily.

Has Special Arena.

Just because he is going to lose his place as Turner's air mascot does not mean that Gilmore is to be relegated to an ordinary cage on a lion farm or in a circus.

A special arena, playground, house and all, has been completed for him at a cost of $2,300 at the corner of Fairfax avenue and Beverly boulevard.

"It's going to be as tough on me as on Gilmore—his having to give up flying," Turner declared.

"I have become attached to him. He has been a model air passenger and I'll miss him plenty, particularly on long solo flights. He has hardly been out of my sight during the time I have had him. He still minds, is as affectionate as ever and only his size is against him."

Has Special Chute.

Among Gilmore's most noted flights were the transcontinental hops of last May, in which Turner piloted the Lockheed to a new east-west record, and the nonstop air race from here to the Chicago national air races last September.

On these and many other trips Gilmore wore a special parachute which Turner could have opened preparatory to dropping him overboard had the occasion arisen for a midair escape.

Gilmore has been a "guest" in practically every major hotel in the country, and some in Canada and Mexico, during his travels with his master. He stayed in Turner's room, ate choice steaks and, so to speak, has had a lion's share of thrills and happiness during his short life. He was born at Goebel's Lion farm. His mother is named Queen and his father Andy, who recently was poisoned.

From now on Gilmore will have plenty of time to rest in his special home, but he is "grounded" for keeps and will only be able to cast an envious eye as swift craft skimming overhead to recall the days when he was in his way a hero of the skies.

Cold Weather Freezes Up Pet Turtle's Neck

Ely, Nev. — After withstanding weather extremities for 500 years, a turtle owned by Roy Rigsby just got too cold and froze up.

Old age may have something to do with it, but when Rigsby went out to feed his pet one morning he couldn't find its head. He turned the turtle on its back and found the wrinkles on the head projection apparatus frozen tight in perfect accordion plaits.

He placed his pet in an oven to thaw out and shipped it to a southern Nevada ranch, where turtle care and comfort is a specialty.

Pastor Quits After 21 Years; Gets Job as Clerk

Oklahoma City, Okla.—Rev. Newton H. Royer, former pastor of the First Lutheran church here—a post he had held for 21 years—was not unemployed long. Royer resigned recently as the result of a controversy over his "modern and liberal" views among his congregation. He has secured employment as a clerk in the office of Paul Huston, assistant county treasurer.

Swedes to Drag River in Search for Historic Bell

Lulea, Sweden.—Search will soon begin for a 400-year-old church bell which was accidentally dropped into a river near here when transported across in a rowboat in the Sixteenth century. Farmers and village officials of Langtrask, through which flows the Klockan, or "Bell river," are hoping to find the relic and hang it in their church.

Tornado Ends Wake, but None Is Injured

Macon, Miss. — A tornado which ripped through this section of Mississippi recently picked up 22 negroes holding "wake" services over the body of Brown Hughes, negro farmer, dumping them several hundred yards from the house where the service was held. None was injured.

THE INDIVIDUAL AND HIS BANK

By ROME C. STEPHENSON
President American Bankers Association

BANKERS recognize that their business carries especially heavy public responsibilities and welcome all sound measures to aid them meet the duties this imposes. Unceasing efforts to bring about continually improving methods to safeguard depositors in banks of all kinds have long been uppermost in the plans of bankers' organizations throughout the nation. They are not the outgrowth merely of the past year of business adversity, but have been carried on actively for many years and have resulted in great progress along lines of better, safer banking methods. Although banking along with all business has suffered reverses, conditions in this field have been far less severe than they would have been had not bankers been widely successful in their endeavors to develop the high standards of banking that now generally prevail.

R. C. STEPHENSON

The American Bankers Association and bankers' organizations in every state actively support the principle of government supervision of banking. The national banks, which receive their charters to do business from the federal government, are under the supervision of the Comptroller of the Currency at Washington. Through his efficient staffs of expert bank examiners in every section he has the duty and powers to keep watch of the way every national bank is being conducted, to suggest desirable changes in its policies or methods and even to step in and take control for the protection of the depositors if such action is warranted. The state banks, also, which are chartered by the various state governments, are subject to similar supervision and control by state bank officials. In addition banks in many places have long maintained voluntary clearing house associations which enforce even closer supervision over their members.

Bankers Favor Public Supervision

Present laws adequately enforced contain ample provisions for government supervision. Bankers universally believe in strong, capable banking departments manned by officials with the discretion and courage to enforce these laws and act under them as the common welfare demands. They believe that these public officials should be paid sufficient salaries to command the services of men of character, ability and a resolute spirit of public service. They believe also that the banking departments should be kept free from all political or other special influence in order to be able to act at all times with single-minded independence solely for the benefit of the public interest.

Although banks in the United States operating under state or national charters are thus subject to supervision of public authority, they are strictly private business enterprises. They are owned by their stockholders and administered by officials chosen through the boards of directors which their stockholders elect. No bank is owned or operated by the United States Government, nor, with one small exception in a western state, by any state government. The function of government in banking is to promote and enforce careful banking administration through the system of examination and supervision which I have described. This, however, does not relieve the individual depositor from the necessity of judging and choosing carefully as to his banking relations, just as in his other business or professional relations. He must inquire for himself into the character and type of institution and men he shall do business with, satisfying himself as to their reputation, reliability and capability. These qualities are essential to complete the element of safety and dependability in any human institution.

An Illusory Law

The bank deposit guaranty law in any form is a snare and a delusion, declares a banker in a state where it has been tried, adding: "It is a license and encouragement to irresponsible banks and banking and penalizes capital solvency and prudent banking. It creates a sense of security in the minds of the unthinking and uninformed that is false and impossible to be realized on ultimately. To compare it to legitimate insurance is without reason and absurd. It jeopardizes the solvency of all banks and the safety of all depositors for the theoretical safety of a few. Guaranty schemes always have been, are and always will be impotent, futile and disastrous. It is not new. Has been tried, failed and discarded at intervals for more than 100 years in this country. No well-informed, honest and intelligent mind can accept it in principle or practice. Competent bank supervision and restriction of banks to territory that will warrant sufficient capital investment and accounts is the only sane and honest course and will afford all the guaranty the depositing public is entitled to as compared with all other human affairs."

BRITONS EVADING BIG TAX PAYMENTS

Assessments Are Dissipating Large Fortunes.

London.—Taxation is dissipating some of Great Britain's oldest and largest fortunes, transferring the ownership of vast estates and discouraging the amassing of wealth, a survey has just revealed.

The death duties are the most keenly felt of all taxes, and they rank second in the list of the government's sources of income. The 1930 budget revealed that more than $4,000,000,000 was expected from estate duties.

The huge landowners have evolved several means of defeating this taxation. The most popular is to convert existing ownership into private limited liability companies. In this way the cost of operating the companies can be deducted from the income tax payments, the amount of taxation reduced during life, and death duties avoided.

Estates Protected.

It likewise has the added inducement of protecting the estates from reckless heirs' extravagancies. Among those titled owners who have transformed their estates into private liability companies have been the dukes of Buccleuch, Devonshire, Grafton, Leinster, Marlborough, Rutland and Sutherland; marquis of Zetland, the earls of Berkeley, Darnley, Harewood, Moray, Ossory, Roseberg, Spencer and Strathmore, and Viscounts Novar, Ullswater and Wemborne.

Another plan is transferring property to a younger member of the family. If the transfer is made six months before death, the estate is not subject to death duties.

Others are selling outright their holdings and living on the capital, which is not taxable. In 1927, Lord Derby, one of England's wealthiest peers and greatest sportsmen, sold Lancashire property for $8,500,000, and explained he did it because his son would have had to sell more to pay death duties at his passing.

Standard Rate.

The standard rate of income tax increased from 20 per cent in 1929 to 22½ per cent in 1930. The lower incomes, however, virtually were not affected by the increase and in some cases actually pay less.

Life insurance premiums are an important factor in relieving the amount taxable. An amount equal to 10 per cent of the premium paid can be deducted from the tax otherwise payable. The maximum amount of premiums subject to this relief, however, is a sum equal to one-sixth of the total income.

Many of the large landowners have been forced to sell their estates to tenants in order to pay the huge death tax. The recent retirement of Lord Durham from racing is said to have been due to a large extent to the necessity of selling some of his stable to pay death duties of more than $3,500,000 through the death of two earls of Durham.

D. A. R. Marks Site of Ft. Custer With Tablet

Hardin, Mont.—The site of old Fort Custer, two miles south of Hardin, was the scene of impressive ceremonies recently when Shining Mountain chapter, Daughters of the American Revolution, Billings, dedicated a granite and bronze marker to the memory of pioneer days.

Fort Custer, named in honor of Gen. George A. Custer, who, with his Seventh cavalry, went down to defeat before the Sioux Indians in the battle of the Little Big Horn, was the base of military operations in the early days.

From this point troops watched over the safety and progress of those traveling the old Bozeman trail, which headed north through the Little Big Horn valley, the fort being abandoned in the late '80s. Fort Custer in the early days was one of the largest military posts of the Northwest.

The Girl Scouts of Hardin must be given credit for starting the initial movement to mark the old site. The merits of their work were seen by the Hardin Lions club. It sponsored the steps which led to the ultimate marking of the historic site by the D. A. R.

New Welland Canal Will Be Opened Next Year

Welland, Ont.—The Welland canal is certain to be officially opened next year.

This definite statement was made by Hon. Dr. R. J. Manion, minister of railways and canals, who visited this city to look over the progress of the work and to discuss with civic officials disturbances to the city's property by reason of the canal development.

"There is no doubt about the canal being officially opened next year," said Doctor Manion. "Everything is in first-class shape. It is largely in use now. There is nothing to delay completion."

New Orleans Mint Will Soon Be Federal Prison

New Orleans, La.—Plans for conversion of the old United States mint here into a federal jail have been perfected. The mint, long abandoned, will house approximately 300 prisoners who have been sentenced to twelve months or less. This will relieve federal penitentiaries and other prisons of men and women sentenced for violation of the liquor laws.

THE WHY of SUPERSTITIONS

By H. IRVING KING

MARKS ON HADDOCK

AMONG the fishermen of the Atlantic coast from Newfoundland to Sandy Hook—if not indeed further south than the Hook—there is a saying that the black line along the sides of the haddock is due to the fact that the fish was once seized by the devil's finger and thumb, but slipped through and escaped, retaining the mark made by the infernal digits.

Ancient amulets, sculptures and drawings show that in the dim ages of obscure antiquity a deep significance was attached to a combination of the hand and the fish. A hand grasping a fish was a favorite and powerful "charm" and is met with in southern Europe in the form of an amulet today. Just what the esoteric significance of the hand grasping the fish was is obscure—but there was one.

And as Elworthy remarks "there is hardly a custom or occult practice of the ancients which may not be traced somewhere or somehow among their modern descendants." The primitive mind seeks an explanation of everything, even the markings on a fish. In explaining the markings of the haddock the hand and fish superstition naturally asserted itself. The marks are black—it was the devil's hand that tried to grasp it. And furthermore we have the superstition reinforced from Norse mythology in which Thor tried to catch Loki, the god of destruction, when Loki was in the form of a salmon; but Loki slipped through his fingers and the salmon still shows the marks of the struggle in his tail.

Composer Makes Perfect Score in Radio Test

Du Bois, Pa.—George W. Rosenkrans, a composer of, Penfield, submitted to a test conducted over the country by a radio firm. It is a test to see how well cultivated the ear is from a musical standpoint.

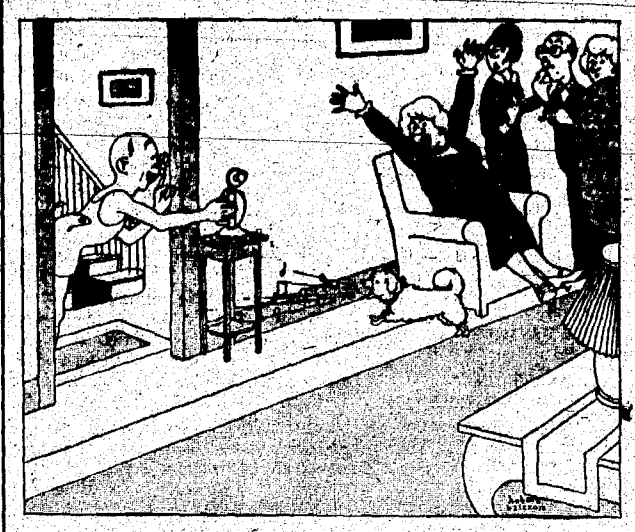

Rosenkrans made 100 per cent by telling how many voices he heard in a selection; by telling how many male voices; how many female voices; which of tones were higher; harmony, discord; the names of different instruments that were played.

He is the first person in the section to make a perfect score.

Huge Sore Throat

St. Louis.—Steve, prized hippopotamus of the St. Louis zoo, has a sore throat, the largest and most painful one in the Middle West. A special serum is being administered to Steve by the gallon.

MICHIGAN BELL TELEPHONE CO.

They ordered an Extension Telephone the next day

Another social tragedy took place when the Weems's had dinner guests the other night. Mr. Weems, whose dark suit was at the cleaner's, made a desperate effort to get at the only telephone in the house.

And of course, Rollo, the vigilant poodle, at once spotted him in the act!

Mr. Weems ordered an extension telephone for the bedroom next day. *It costs him less than 3 cents a day.*

To order an extension telephone, just call the Telephone Business Office.

The good no longer die young. The doctors have seen to that. The good live long and grow suspicious.

Next to saying the right thing at the right time comes the art of keeping quiet when there is nothing to say.

"Old Smith. When there's a crowd at the station and the people are standing in a line waiting for their tickets, he always goes last so that he can keep his money in his pocket as long as possible."

Prof: Jack is certainly a steady boy, isn't he?

Jack's Boss: If he were any steadier, he wouldn't even move.

Bill: Mary wears less clothes than any girl I know.

Till: I'd say she was a girl without much honor.

A powdered nose is no sign of a clean neck.

AUCTION SALE!

The undersigned will sell at Public Auction at his farm in Wilson Township, located 4½ miles northeast of East Jordan, 5½ miles southwest of Boyne City and 1¼ miles southeast of the Knop schoolhouse, on—

Thursday, April 23rd

Commencing at 1:00 o'clock p. m., fast time, the following described property:—

Jersey Cow, due to freshen April 28.
Black and White Cow, due to freshen July 25.
Jersey Bull, 11 months old
Holstein Heifer, 1 year old
Heifer Calf, 6 months old
Brood Sow, due to farrow April 22.
9 Fall Pigs, 5 months old
20 Brown Leghorn Hens
3-inch tire Wagon
Pair Light Sleighs
McCormick-Deering Binder, nearly new.
Beam Potato Sprayer
Manure Spreader
Two-way Oliver Plow
Lever Drag
Superior Grain Drill
International Potato Planter with fertilizer attachment
Potato Digger
2 Cultivators

Corn Sheller
55-gal. Gas Drum
30-gal. Gas Drum
Hay Car
2 Hay Slings, new
3 rope Pulleys
10-gal. Cream Can
5-gal. Cream Can
Mail Box
10-18 Disk
30-gal. Cooker with jacket
10 bu. Early Rose Seed Potatoes.
Neckyokes and Whiffletrees
50 feet ½ inch Pipe
100 feet pump rods
6-h. p. International Gas Engine.
Ford Engine with pulley
Grindstone
3 horse wagon Equalizer
Page Wire Fence Stretcher
2 Horse Collars
Set Work Harness

Single Harness
Hoosier Kitchen Cabinet
6-foot Round Table
6-foot Square Table
Library Table Mirror
2 Center Tables
7 Dining Room Chairs
2 Rocking Chairs
Arm Chair 2 Pedestals
Dresser Commode
Dish Cupboard
Kitchen Table
3 Iron Beds Pair Springs
Wooden Bed with Springs
Selmer Cornet
Axminster Rug 9x12
Ingrain Rug 9x12
Some Curtain Rods
Writing Desk
Clock Shelf
Bench Wringer, nearly new
50 ft. Garden Hose
Other Articles too numerous to mention.

State News in Brief

Big Rapids—Tragedy ended a picnic here when Harry Mitchell, 10 years old, of Big Rapids, fell on a hunting knife and died on the way to a hospital. The blade punctured a lung.

Petoskey—Judge Sprague, at a special court session at his home in Cheboygan sentenced Cecil Brintell, Petoskey's first bank robber, to from seven and one-half to 25 years in Jackson prison.

Kalamazoo—The retail price of milk in Kalamazoo has been reduced to 10 cents a quart. This is the second reduction in two months. In mid-winter the quotation was lowered from 13 cents to 11 cents a quart.

Muskegon—Thousands of insects, declared to be termites, have attacked the new $800,000 senior high school here and are causing much damage by eating the flooring. Aid of Michigan State College specialists has been asked in exterminating the insects.

Owosso—Mrs. Emily Johnson, 49, wife of J. S. Johnson, was strangled to death while she was doing the family washing when her hair caught in the wringer and pulled her tightly to the machine. She was found in the basement of the home of her daughter-in-law, Mrs. Stuart Johnson.

Blissfield—Plans for operation under lease of the Blissfield refinery of the Continental Sugar Co., have been completed, and the Federal Court has advised the receiver of the company that the lease may be made, providing financial ability to operate the plant is shown and contracts for adequate acreage are signed.

Bay City—Navigation on Saginaw Bay and Lake Huron has been opened with the arrival here of Patrol Boat No. 1, of the Michigan Department of Conservation. The boat, in command of Captain Charles J. Allers, took six days to make the trip from Cheboygan. Three days were spent battling ice in Saginaw Bay.

Ann Arbor—Another reason for swatting the fly has been discovered at the University of Michigan. Their bites are killing many young ducks. They are the same black flies which annoy man. In the ducks they introduce a blood parasite which causes death in about two weeks. The fly bites, however, are harmless to adult ducks.

Monroe—Joseph Bairley, sheriff of Monroe County, has ordered his deputies to arrest Monroe County motorists driving with Ohio license plates. The sheriff has learned that many motorists living near the Ohio line are driving with plates purchased in Toledo. The Ohio plates cost $10 to $15 less than Michigan licenses, the sheriff said.

Charlevoix—Planting of 9,000,000 lake trout by the Charlevoix Government hatchery has been started. The Conservation Department is co-operating with the Bureau of Fisheries in the distribution. The State fish car, Wolverine, took a consignment of several million fry to Northport. Other shipments will be made to Frankfort and other Lake Michigan ports.

Pontiac—Ellsworth Hemp, 45-year-old farmer who resided three miles northeast of Clarkston, and his 16-year-old son, Ralph, were killed at the Williams Lake crossing of the Grand Trunk Railway in Waterford Township, when they drove their truck in front of an eastbound passenger train. The Hemps had just delivered a load of wood and were on their way home.

Lansing—Michigan was third in the nation in the total gross of receipts from auto license fees during 1930 it was announced by the American Association of State Highway Officials in Washington. Exceeded only by New York and Pennsylvania, the state collected $22,482,412. However, the decrease in the registration of motor vehicles, 4.8 per cent, was the greatest in the country.

Battle Creek—Battle Creek's newly finished federal building recently was opened for business. The temporary postoffice at Monroe and State streets, in use since March 7, 1930, has been abandoned. The new federal building provides an increase of floor space exceeding 200 per cent. In addition to postoffice purposes, provision is made for other federal officers, including postal inspector and deputy collector of internal revenue.

Grand Rapids—Grand Rapids, for many years a producer of automobile parts and accessories, took its place among the motor car manufacturing cities in Michigan, when production was started on the new Devaux sixes at the Grand Rapids plant of the Devaux-Hall Motors Corporation. The city celebrated the event with a parade, sponsored by the Association of Commerce. The first car was christened by Mrs. Elbert J. Hall, wife of the vice-president of the corporation and designer of the company's motor.

Lansing—Income tax legislation designed to raise more than $30,000,000 a year to meet all expenses of the State government was introduced in the House by Rep. William J. Thomas, of Cannonsburg. The plan involves the elimination of the general property tax for State purposes. The proposed legislation is included in two voluminous bills, one imposing a personal income tax and the other a corporation privilege tax based on net income. The present corporation franchise tax, which raises more than $7,000,000 a year, is repealed.

Blasting Lowers Producing Costs

Specialist Tells How to Remove Stumps and Boulders on Farm.

Lowering the cost of crop production by blasting stumps and boulders out of tilled fields to reduce the time required for plowing, cultivating, and harvesting, is a safe and inexpensive practice when certain rules are followed, says Virgil Overholt, extension specialist in agricultural engineering at the Ohio State university.

If dynamite is handled with the ordinary recommended precautions, blasting is as safe as other farm tasks, he believes.

Care of Cap.

Crimp all caps with cap crimpers rather than with a pair of pliers, Overholt recommends. Pliers are likely to crush the cap, thus cutting off the powder train inside the fuse and oftimes, as a result, the charge is either delayed or does not go off at all. The use of cap crimpers is the blaster's best form of life insurance and aid in preventing accidents.

Most accidents in blasting operations are due to investigating why charges have failed to go off. It is best not to investigate a delayed charge until a day later. Fuses, he feels, should be at least a foot and a half long; this length allows the operator about a minute and a half to leave the stump or boulder. Where a blasting machine or battery is used, it is safest to use wires at least 200 feet long.

Always face the charge so that pieces of stone or wood may be dodged if necessary, and never smoke while handling dynamite, he advises. Fuse caps should be kept out of reach of children.

Bursting Boulders.

In bursting boulders, he suggests that the mud capping method be used. This consists in placing sticks of dynamite on the stone and putting about six inches of wet, sticky mud over them. Stump blasting is usually done by placing the charge directly under the stump, or, where there is a tap root, in boring a hole for the charge in the center of the root. However, if the wood is hard, the charge may be placed close to one side of the root. The charge may be tapped with safety after a few inches of earth have been placed next to the dynamite and mud placed in the hole.

Legislation to Improve Quality of Dairy Milk

Ontario has recently introduced legislation to improve the quality of milk offered for sale in that province.

"All milk received at a milk and cream distributing plant which is sold or distributed in liquid form for human consumption shall be purchased on a uniform standard of 3.4 per cent butterfat. For milk testing from 3.4 to 4.5 per cent fat, the purchaser shall add 4 cents per 100 pounds of milk for each one-tenth of 1 per cent fat above the standard, and for milk testing below 3.4 per cent fat the purchaser shall deduct 4 cents per 100 pounds of milk for each one-tenth of 1 per cent below the standard."

Asparagus Seed Will Germinate Very Slowly

Asparagus seed germinates very slowly. It is usually two to six weeks from time of planting until the plants appear above ground. As a result it is often difficult to control weeds. For this reason and also because there is quite a variation in the young crowns it is advisable to sow the seed in a small plot and transplant the crowns when one year old into the permanent location. The seed bed should be worked early in the spring to germinate as many weed seeds as possible. These will be killed in the final preparation of the plot for seeding. Asparagus germinates very slowly at 68 degrees.

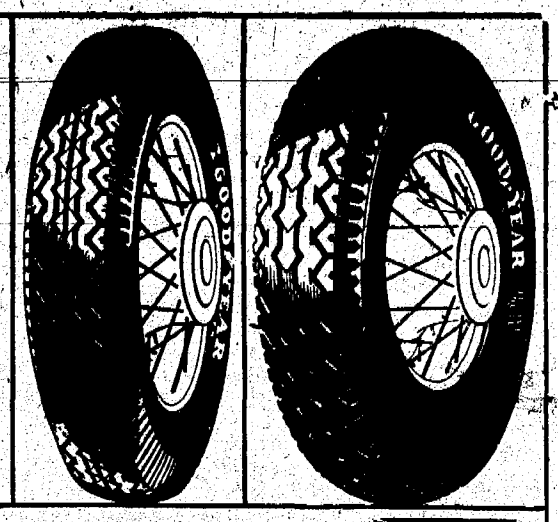

Extra Fertilization for Garden May Help

If the garden has not been doing well, some extra fertilization may encourage the plants, says the United States Department of Agriculture. A top dressing with a complete mixed fertilizer, at the rate of 2 pounds per 100 square feet, may be applied. A mixture containing 5 per cent nitrogen, 10 per cent phosphoric acid, and 5 per cent potash, is suitable. Bone meal can be used at the same rate, but is slower in its action. If the plants have a poor color they may need nitrogen. This can be supplied by nitrate of soda or ammonium sulphate at the rate of one-fourth pound to 100 square feet.

Pocket Gopher Control in Northwest States

At least 50 per cent more grazing than two years ago is reported by a sheepman whose grazing allotment includes portions of the Cascade and Umpqua National forests, in Oregon, where pocket-gopher control was undertaken two years ago and the areas retreated last year under the direction of the biological survey of the United States Department of Agriculture. Many sections indicated practically 100 per cent success. In some areas that were beginning to erode badly two years ago, grasses and other vegetation are now rapidly regaining a foothold.

HOME ECONOMICS DEP'T.

The eighth grade girls will finish serving their breakfasts this week.

The ninth grade girls are learning how to dress with good taste through the study of line, proportion and color.

The tenth grade girls are starting their study of suitable foods for dinner. The first thing they are taking up is meat. They are learning how to prepare the cheaper cuts so they will be tender and appetizing.

—Gwendolyn Malpass

MANUAL TRAINING

Some of the ninth grade section are putting the "finishing touches" on their cane-top dressing stools, that is the application of pumice-stone and oil.

CAN YOU IMAGINE

W. F. Wurn being a Manual Training instructor.

Ralph Shepard not having his daily talk with the man in the tool cabinet.

Max Bader using the dads set-up on the power saw without being nervous.

Milton Brooks working faithfully without being watched by Mr. Maynard.

Rodney Rogers using a try square for a screw driver.

Howard McDonald getting zero on a Manual Training test.

Eric Rasch applying shellac without a lot of brush marks and runs.

—Eloise Davis

ENGLISH

The first year English class is now studying punctuation and forming the plurals of words. Tuesday they gave one minute talks on different phases of punctuation and plurals.

The third year English class is now through with the study of letter writing. They found the studying of the different types and forms of letters very interesting. We imagine some of them have already answered some letters since having this in English. We would like to know how they made out. But the Juniors sure have the nack of "keeping it to myself."

The fourth year English class is now studying living authors which makes our work more interesting. We find many outside articles and these certainly correspond with the title of our book, "Literature and Life."

CIVICS

We expect to be studying industriously on Civics next week, but History has been very interesting. Mr. Duncanson has made it more so by the interesting material he has told along with it and by Current Events. Now its Civics, History has had it's say.

—Margaret Bayliss

First Freshie: "Why are "Sophs" like real estate?"

Second Freshie: "Because they are an empty lot."

A PRAYER ANSWERED

Oh time, time, march on thy way,
I haven't my lesson this sunny day,
I feel her gaze a comin' along
Oh gee, I'm saved, there goes the gong.

A PRAYER NOT ANSWERED

I left my lesson and tried your prayer,
At last I felt Miss Perkin's stare.
I prayed for the gong, but it didn't ring,
Gee! you must be more religious, Jim.

—Margaret Bayliss

GRADES

Kindergarten— The Kindergarten have new colored blocks which they like very much. They are making shelves for a grocery store. Mrs. Carson has a large bunch of Mayflowers and pussywillows on her desk.

First Grade—The first grade are sure welcoming spring. They have butterflies and bluebirds hanging from a cord hung across the room. Their gardens are coming up nicely, but they are not the least bit worried about the remains of the oats which was planted before.

Second Grade—Suzanne Porter brought a souvenir to the second grade from her recent trip to Mississippi. A ball of cotton with a spray of rice in one corner, a ball of cotton and a negro boy eating a watermellon. She also brought candy made of sugar cane, and pecans as they are grown there. This has brought up a new study—cotton. The pupils are learning a new poem, "We Know a Secret." They are still working to keep the clouds off their sunbeams. More people have clouds. Harry Hammond is still ahead of the rest. He is working for the wrong goal.

Third Grade— They are tracing and coloring birds. The third grade have another new scholar, Ira Ingalls. They are studying ants and the different kinds of spiders. The pupils have started a Hans and Gretal poster. This promises to be interesting. Miss Wilkes also has a large bunch of Mayflowers.

Fourth Grade—The fourth grade are continuing their study on birds and finding out all about Arbor Day. They are studying the relation of the birds to the trees. Mrs. Hager is reading "The Burgess Bird Book for Children."

The fourth grade have three new pupils whom they are glad to welcome: Anna and Minnie Nelson and Ruth Slate.

Sixth Grade—The pupils are studying Japan this week and find it a very interesting country. Many things made in Japan have been brought in for observation.

In California, hollyhocks and roses are in blossom, but in Michigan they have a very beautiful Canna, in the sixth grade room. It lived with them all winter.

The sixth grade now have 55 people in their grade. Captola Richardson came back last week from Midland. They are glad to welcome her.

The news staff this week is Eva Dennis, Lorena Brintnall and Ruth Sturgell.

Those receiving "A" in spelling: Clifford Gibbard, Katherine MacDonald, Ruth Sturgell, Hilda Jackson, Norma Smith, Clarabelle Strong.

Those receiving "A" in English: Clifford Gibbard, Lorena Brintnall.

Perfect attendance to date: Eloise Gaunt, Clarence Bowman, Jacklyn Cook, Grace Higby James Keat, Melvin Prause, Virginia Saxton, Ruth Sturgell, Robert Winstone.

—Gwen Gay

MORTGAGE FORECLOSURE NOTICE.

Default having been made in the terms and conditions of a certain mortgage made and executed by Robert D. Cook and Jessie G. Cook, his wife, and David Ruch, a widower, all of East Jordan, Michigan, to the Peoples State Savings Bank, of East Jordan, State of Michigan, a body corporate under the laws of Michigan, which said mortgage bears date the 15th day of March, 1915, and was recorded on the 16th day of March, 1915, in Liber forty (40) of Mortgages, on page two hundred fifty-eight (258), in the office of the Register of Deeds in and for the County of Charlevoix, Michigan, and that said mortgage is past due, and there is now claimed to be due and unpaid on said mortgage the sum of two thousand four hundred thirty-nine and 45-100 ($2439.45) dollars at the date of this notice, including principal of $2000.00, interest of $310.34, taxes paid by mortgagee of $94.11, and attorney fee of $35.00 as provided for by said mortgage, and no suit or proceedings at law or in equity having been instituted to recover the moneys secured by said mortgage or any part thereof;

NOW, THEREFORE, by virtue of the power of sale in said mortgage contained, and of the statute in such case made and provided, NOTICE IS HEREBY GIVEN that on Friday, the 24th day of April, 1931, at ten o'clock in the forenoon, standard time, at the east front door of the court house in the City of Charlevoix, Michigan, that being the place where the Circuit Court for the County of Charlevoix is held, said Peoples State Savings Bank will sell at public auction to the highest bidder the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage and all legal costs and attorney fee.

The premises described in said mortgage are as follows, to-wit:

"All of the east one-half of the northwest quarter (E½ of NW¼) of section number twenty (20), township thirty-two (32) north, range seven (7) west, Michigan, containing eighty (80) acres of land, more or less, according to the Government survey thereof, situated in the township of South Arm, County of Charlevoix and State of Michigan."

Dated January 16th. 1931.

A Carload of Horses

For Sale or Trade

WE WILL BE AT FRANK CROWELL'S BARN IN EAST JORDAN

Thursday, Friday, Saturday
APRIL 23, 24, 25

With a carload of good Farm Horses For Sale or Trade. Come and look them over.

M. B. HOOKER & SON

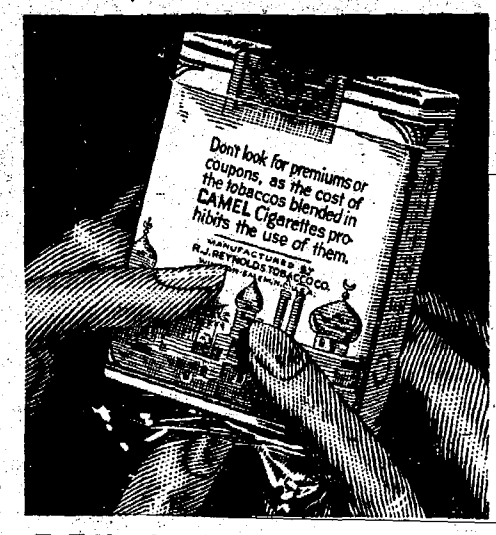

The right way to use the new HUMIDOR PACK

1 *Do not tear Cellophane. Look for the convenient flap at the top and back of package*

2 *Simply lift this flap and you will break the specially devised air-tight seal*

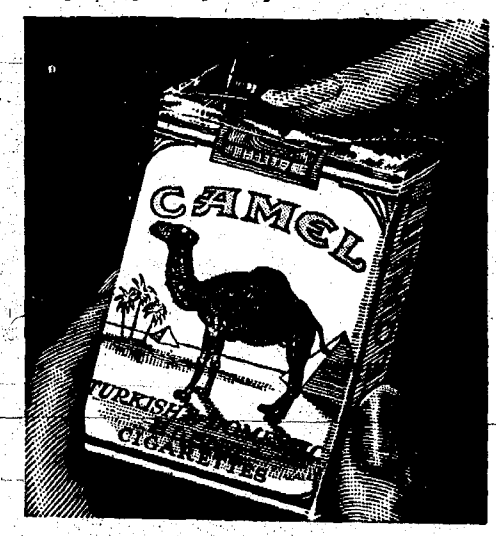

3 *Hold package as shown and with your thumbs push it part way out of Humidor Pack*

4 *To avoid tearing tin foil, slip first finger of each hand under Revenue stamp and break it*

5 *Help yourself to a fresh cigarette, then slide package back into its Humidor Pack*

6 *Close package. It guards Camels from dust and germs and provides sanitary protection*

THE moment you open the new Camel Humidor Pack you begin to note the advantages of this new, scientific and sanitary method of wrapping Camel cigarettes.

At once you are greeted with the delightful aroma that comes from choicest Turkish and mellowest Domestic tobaccos in prime condition.

Your sense of touch also detects the freshness of Camels, for unlike moisture-robbed cigarettes Camels are pliable to the fingers.

But the real difference comes when you light a Camel and inhale its cool, fragrant smoke.

Cigarettes brought to you so perfectly conditioned deserve to be kept that way in your pocket.

The simplest way to insure this is to open the Camel Humidor Pack as shown above.

That will keep intact the mildness and freshness that is making the whole country say: "Now I'd walk *two* miles for a Camel because they're twice as good."

If you haven't tried Camels in the new Humidor Pack, switch over for just one day.

Then go back tomorrow if you can.

R. J. REYNOLDS TOBACCO COMPANY, *Winston-Salem, N. C.*

CAMELS

Smoke a FRESH *Cigarette!*

© 1931, R. J. Reynolds Tobacco Company

THE GOOD HOSTESS PROVIDES CAMELS

Artificial heat in houses and apartments soon dries the moisture out of cigarettes wrapped the old fashioned way. It is the mark of a considerate hostess, by means of the Humidor Pack, to "Serve a fresh cigarette." Buy Camels by the carton—this cigarette will remain fresh in your home and office.

First Grade—The first grade are sure welcoming spring. They have butterflies and bluebirds hanging from a cord hung across the room. Their gardens are coming up nicely, but they are not the least bit worried about the remains of the oats which was planted before.

Second Grade—Suzanne Porter brought a souvenir to the second grade from her recent trip to Mississippi. A ball of cotton with a spray of rice in one corner, a ball of cotton and a negro boy eating a watermellon. She also brought candy made of sugar cane, and pecans as they are grown there. This has brought up a new study—cotton. The pupils are learning a new poem, "We Know a Secret." They are still working to keep the clouds off their sunbeams. More people have clouds. Harry Hammond is still ahead of the rest. He is working for the wrong goal.

Third Grade— They are tracing and coloring birds. The third grade have another new scholar, Ira Ingalls. They are studying ants and the different kinds of spiders. The pupils have started a Hans and Gretal poster. This promises to be interesting. Miss Wilkes also has a large bunch of Mayflowers.

Fourth Grade—The fourth grade are continuing their study on birds and finding out all about Arbor Day. They are studying the relation of the birds to the trees. Mrs. Hager is reading "The Burgess Bird Book for Children."

The fourth grade have three new pupils whom they are glad to welcome: Anna and Minnie Nelson and Ruth Slate.

Sixth Grade—The pupils are studying Japan this week and find it a very interesting country. Many things made in Japan have been brought in for observation.

In California, hollyhocks and roses are in blossom, but in Michigan they have a very beautiful Canna, in the sixth grade room. It lived with them all winter.

The sixth grade now have 55 people in their grade. Capitola Richardson came back last week from Midland. They are glad to welcome her.

The news staff this week is Eva Dennis, Lorena Brintnall and Ruth Sturgell.

Those receiving "A" in spelling: Clifford Gibbard, Katherine MacDonald, Ruth Sturgell, Hilda Jackson, Norma Smith, Clarabelle Strong.

Those receiving "A" in English: Clifford Gibbard, Lorena Brintnall.

Perfect attendance to date: Eloise Gaunt, Clarence Bowman, Jacklyn Cook, Grace Higby James Keat, Melvin Prause, Virginia Saxton, Ruth Sturgell, Robert Winstone.

MORTGAGE FORECLOSURE NOTICE.

Default having been made in the terms and conditions of a certain mortgage made and executed by Robert D. Cook and Jessie G. Cook, his wife, and David Ruch, a widower, all of East Jordan, Michigan, to the Peoples State Savings Bank, of East Jordan, State of Michigan, a body corporate under the laws of Michigan, which said mortgage bears date the 15th day of March, 1915, and was recorded on the 16th day of March, 1915, in Liber forty (40) of Mortgages, on page two hundred fifty-eight (258), in the office of the Register of Deeds in and for the County of Charlevoix, Michigan, and that said mortgage is past due, and there is now claimed to be due and unpaid on said mortgage the sum of two thousand four hundred thirty-nine and 45-100 ($2439.45) dollars at the date of this notice, including principal of $2000.00, interest of $310.34, taxes paid by mortgagee of $94.11, and attorney fee of $35.00 as provided for by said mortgage, and no suit or proceedings at law or in equity having been instituted to recover the moneys secured by said mortgage or any part thereof;—

NOW, THEREFORE, by virtue of the power of sale in said mortgage contained, and of the statute in such case made and provided, NOTICE IS HEREBY GIVEN that on Friday, the 24th day of April, 1931, at ten o'clock in the forenoon, standard time, at the east front door of the court house in the City of Charlevoix, Michigan, that being the place where the Circuit Court for the County of Charlevoix is held, said Peoples State Savings Bank will sell at public auction to the highest bidder the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage and all legal costs and attorney fee.

The premises described in said mortgage are as follows, to-wit:

"All of the east one-half of the northwest quarter (E½ of NW¼) of section number twenty (20), township thirty-two (32) north, range seven (7) west, Michigan, containing eighty (80) acres of land, more or less, according to the Government survey thereof, situated in the township of South Arm, County of Charlevoix and State of Michigan."

Dated January 16th 1931.

PEOPLES STATE SAVINGS BANK,
Mortgagee,

The right way to use the new HUMIDOR PACK

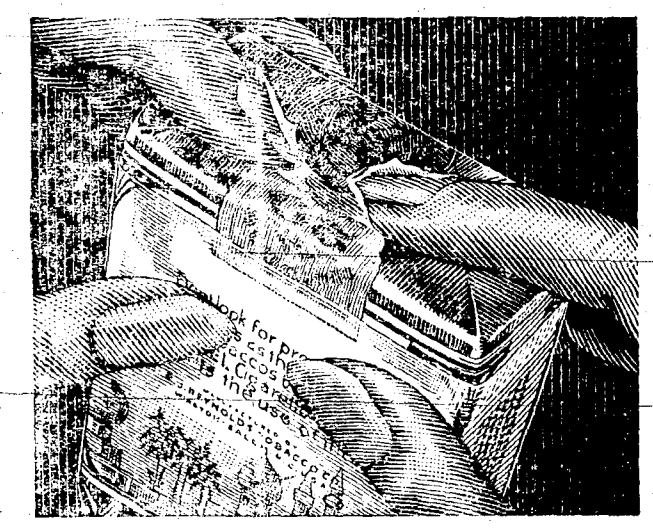

1 *Do not tear Cellophane. Look for the convenient flap at the top and back of package*

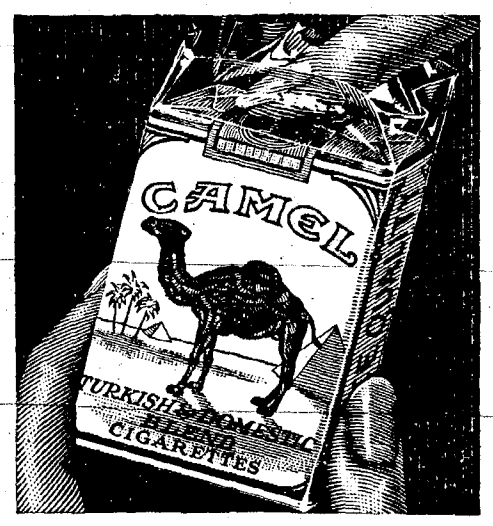

2 *Simply lift this flap and you will break the specially devised air-tight seal*

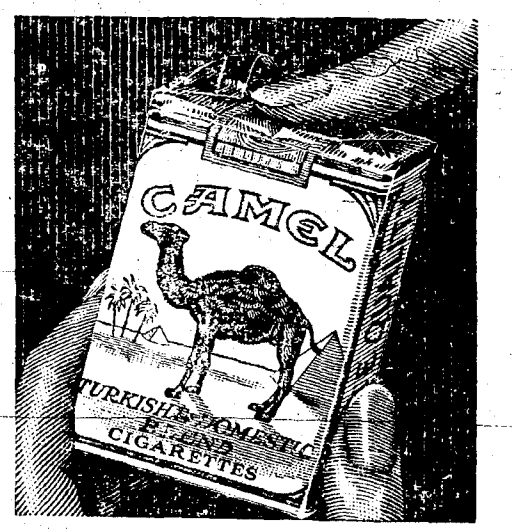

3 *Hold package as shown and with your thumbs push it part way out of Humidor Pack*

4 *To avoid tearing tin foil, slip first finger of each hand under Revenue stamp and break it*

5 *Help yourself to a fresh cigarette, then slide package back into its Humidor Pack*

6 *Close package. It guards Camels from dust and germs and provides sanitary protection*

THE moment you open the new Camel Humidor Pack you begin to note the advantages of this new, scientific and sanitary method of wrapping Camel cigarettes.

At once you are greeted with the delightful aroma that comes from choicest Turkish and mellowest Domestic tobaccos in prime condition.

Your sense of touch also detects the freshness of Camels, for unlike moisture-robbed cigarettes Camels are pliable to the fingers.

But the real difference comes when you light a Camel and inhale its cool, fragrant smoke.

Cigarettes brought to you so perfectly conditioned deserve to be kept that way in your pocket.

The simplest way to insure this is to open the Camel Humidor Pack as shown above.

That will keep intact the mildness and freshness that is making the whole country say: "Now I'd walk *two* miles for a Camel because they're twice as good."

If you haven't tried Camels in the new Humidor Pack, switch over for just one day.

Then go back tomorrow if you can.

THE GOOD HOSTESS PROVIDES CAMELS

Artificial heat in houses and apartments soon dries the moisture out of cigarettes wrapped the old fashioned way. It is the mark of a considerate hostess, by means of the Humidor Pack, to "Serve a fresh cigarette." Buy Camels by the carton— this cigarette will remain fresh in your home and office.
